

# Master The Number Line to 100 A

## Task 1

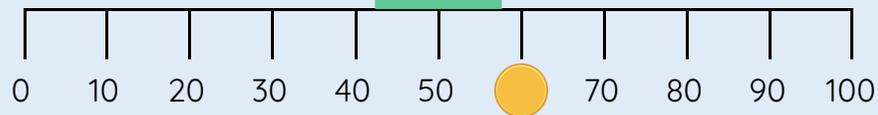

### Step 1

Partner 1 closes their eyes.

### Step 2

Partner 2 places a counter to hide a number on the number line.

### Step 3

Partner 1 opens their eyes and says the stem sentence... \_\_ is here on the number line because the 10s number after \_\_ is \_\_

60 is here on the number line because the 10s number after 50 is 60

### Step 4

Partner 2 agrees or disagrees with their partner by saying the stem sentence... \_\_ is here on the number line because the 10s number before \_\_ is \_\_

60 is here on the number line because the 10s number before 70 is 60

Repeat each step, taking turns in each role.

# Master The Number Line to 100 A

## Task 2

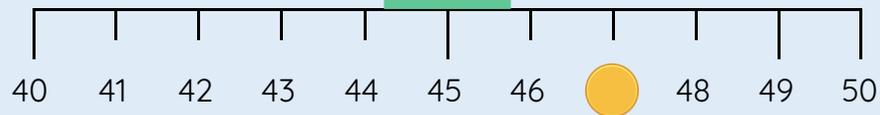

### Step 1

Partner 1 closes their eyes.

### Step 2

Partner 2 picks a number line and places a counter to hide a number.

### Step 3

Partner 1 opens their eyes and says the stem sentence...      is here on the number line because 1 more than      is     

47 is here on the number line because 1 more than 46 is 47

### Step 4

Partner 2 agrees or disagrees with their partner by saying the stem sentence...      is here on the number line because 1 less than      is     

47 is here on the number line because 1 less than 48 is 47

Repeat each step, taking turns in each role.
